

KIS International School KIS Head of School Sally Holloway Elected to International Baccalaureate Board

Mrs. Sally Holloway, founding Head of KIS International School, has again been recognized for her professional knowledge and experience by the International Baccalaureate. Sally was recently elected to Chair the Heads Council, a position which holds a place on the IB Board. Sally's new role involves communicating with IB School Heads around the world. "I am extremely honoured to be elected as Chair" commented Sally, "and I am thrilled that this appointment includes me in the IB decision making processes, that lead to continuous improvements in all IB programmes globally."

The IB Board governs the IB globally and relies upon the input from the Chair of the Heads Council to represent the Heads of all IB schools. Sally will hold the position until the end of 2010 and will then be eligible for re-election, if she so chooses.
