**Kis**  
International School

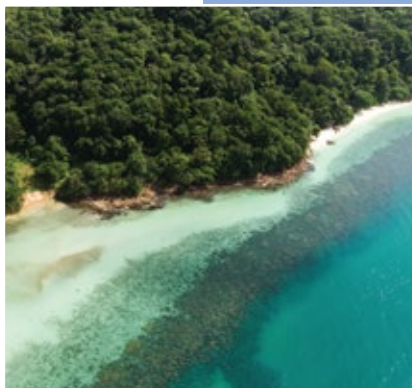

KIS International School, the only school in Bangkok offering all four IB programmes, is seeking highly qualified educators who are flexible, positive, and truly passionate about best practices in teaching and learning.

# WORK WHERE PEOPLE DREAM OF VISITING

**Thailand** was ranked as the 3rd best country in SEA for expatriates in the Expat Insider 2022 survey conducted by InterNations.

## THAI CULTURE

Thailand, commonly known as “The Land of Smiles” is a land of traditions with warm and welcoming people. One of the most important influences on Thai culture is Buddhism with many beliefs and traditions stemming directly from Buddhist principles. Two of the most important values in Thailand are respect, especially to elders, and self-control.

Overall, Thailand is a lovely combination of traditional influences and contemporary attitudes, especially in Bangkok. You can shop in one of the biggest malls in Asia, CentralWorld, and then across the street, visit the Erawan Shrine, which houses a statue of Phra Phrom, the Thai representation of Brahma, the Hindu god of creation.

## ACTIVITY

**Enjoy your weekends by exploring Bangkok and other Thai gems.**

In Bangkok, you’ll find countless activities for both adults and children. You can enjoy activities such as baseball, climbing, or tennis at D-Stadium, visit temples, explore the Chao Praya river, and experience various neighborhoods around the city.

Like any other city, Bangkok can be overwhelming. If you want a weekend getaway, Bangkok has numerous options for nearby 1 or 2 days trip. You can relax at a top rated Thai beach, hike in the mountains, visit elephant sanctuaries, or meditate along a calm river.

## KIS LOCATION

**KIS is located near the Thailand Cultural Center MRT station.**

Apart from palaces, temples, delicious food, and famous smiles, Bangkok is known for its heavy traffic. There is only one way to describe it: unpredictable. Fortunately Bangkok has two well working public transport systems, the sky train (BTS) and the subway (MRT). They certainly make getting around the city much easier, especially during rush hour. KIS Campus is located in a quiet and relaxing area for the wellbeing of our students and teachers .

# KIS IS MORE THAN AN IB SCHOOL, WE'RE A COMMUNITY.

## ABOUT KIS

KIS was established in 1998 and was one of the first PYP schools in the world. We are proud to be one of only three schools in Bangkok offering a full continuum of IB programs. **We are the only school in Bangkok to offer all four IB programs** with this year's addition of the Career-related Program (CP).

With over 750 students and a teacher to student ratio of less than 1:8, our students are known and valued as individuals, creating a strong sense of community.

Throughout our history, a sense of place and balance have been hallmarks of the school. The facilities, academic and extracurricular programs, and teachers have been instrumental in nurturing the school as a warm, friendly, and supporting environment for not only students, but for our community as well.

## GROW AS AN IB TEACHER

If you like interacting with your students and helping them grow as human beings and not only academically, at KIS, you'll have the opportunity to be yourself.

As a PYP teacher, you'll focus on what your learners want to learn and will be planning lessons according to their inquiries. It's all about using real-world questions to learn new concepts.

As a MYP teacher, you will work collaboratively within and outside your subject area to ensure that students embrace and understand the connections between traditional subjects and the real world, and become critical and reflective thinkers.

As a DP teacher, you will not be teaching in the same old lecture style, it's all about student-centered method based on inquiry, collaboration, and experiential learning.
